ABSTRACT

The abstract must be written in English or Finnish. It must contain the full name, address and e-mail/s of the author/s. In case of joint authorship, the name of the speaker who will present the paper at the Conference should be underlined. The total length of the abstract should be within the limit of one page. Top page margin should be 1.9cm, others 3cm. The abstract used should have the size 210 x 297 mm which is the European A4 size. It is suggested to use styles for formatting and automatic reference, figure numbering to avoid editorial errors. To avoid compatibility problems it is advised to use only Latin alphabet and underscore character in the file name.

The title of the paper, the authors, affiliations, keywords and the abstract as it is shown in this document. Title of the paper should be typed in 12pt bolded font and centered. It should be separated from the conference name by 12pt space and from authors' names by 18pt space. Authors names should be typed in bolded font, in addition, name of the presenting author should be underlined. Affiliations should be typed in general formatting style, centered within corresponding bounding box. Abstract begins with the "ABSTRACT" header typed in bolded 10pt font. The abstract text should be separated from the header by 10pt space. Abstract should be followed by the list of keywords enumerated after the header "Keywords:" typed in bolded 10pt font. The keywords should be separated using commas. A dot should be placed after the last keyword. Words included in the title should not be used as keywords. Maximum of 5 keywords is allowed. Title, affiliations, abstract and keywords have to fit to the title page.

Authors are requested to upload a abstract to the Conference web site <https://smp2022.fi>. The uploaded file must be in the Portable Document Format (PDF) and the file size should be within the limit of 4MB. Other file formats as well as files exceeding the size limit will be rejected by the system automatically. In such a case adequate message will appear. Reducing the file size if needed, can be achieved by tuning the PDF creator application parameters.

We look forward to meeting you at the conference in Lappeenranta.
